БЪЛГАРСКИ ЗЕМЕДЕЛСКИ НАРОДЕН СЪЮЗ
ИДЕЙНО-ПРОСВЕТЕН ОТДЕЛ

Разясняване доклада на др. Вълко Червенков пред Националната конференция на ТКЗС

(Доклад за изнасяне пред земеделските дружби)

Другари,

В своя исторически доклад пред втората Национална конференция на ТКЗС др. Вълко Червенков направи изчерпателен научен анализ на социалната същност и стопанската роля на ТКЗС, като посочи и конкретните задачи, които стоят пред тях по пътя на социалистическото преустройство на нашето земеделско стопанство. Поради това, докладът на др. Вълко Червенков трябва да се изучи най-подробно и да служи като ръководна директива на всички, които работят непосредствено или са призовани да подпомагат развитието и укрепването на ТКЗС. Докладът на др. Вълко Червенков трябва да се разяснява и пропагандира между широките маси на трудещите се селяни, за да бъдат същите приобщени към спасителното дело на ТКЗС. Съюзните активисти и сдружени земеделци трябва да разучат и най-основно да разясняват доклада на др. Вълко Червенков, защото в този доклад са отразени и целите и задачите на нашата съюзна дейност и борба за преодоляване изостаналостта на нашето земеделско стопанство и за създаване условия за заможен и щастлив живот на трудещето се земеделско население в нашата страна.

Другари,

На 9 септември 1944 година българският народ, чрез всенародното въстание и с решаващата подкрепа на непобедимата съветска армия, разгроми монархо-фашистката диктатура и изгради своя народно демократична власт под знамето на Отечествения фронт и под ръководството на Българската комунистическа партия. Първите усилия на новата народна власт бяха да се обезвредят и ликвидират политическите опори на съборената фашистко-монархическа буржоазна държава и да се укрепят основите на новата народна държава. Едва след това народната власт пристъпи към ликвидиране икономическите основи на капиталистическата класа и към изграждане на основите на социализма в нашата Народна република.

В своя доклад др. Вълко Червенков отбелязва извършените след 9 септември 1944 година дълбоки политически, обществени и стопански промени и посочва постигнатите вече успехи в започналото се у нас социалистическо строителство.
